

# Ultimate in Corrosion Protection

A CSW Industrials Company

## GulfCoat™

contractor series  
coil coating

Resists Corrosion From:

- Salty Sea Air
  - UV Rays
  - Acid Rain
  - Air Pollutants
- and many other aggressive conditions

- Superior coverage
- Environmentally friendly (water based)

- Extends life cycle of HVACR equipment
- Prevents energy loss due to corrosion

# GulfCoat™

## Corrosion Protection

| Code  | Description                  | Qty |
|-------|------------------------------|-----|
| 80401 | 12 oz. (340 g) Aerosol Blue  | 6   |
| 80400 | 12 oz. (340 g) Aerosol Clear | 6   |

### FEATURES

- Designed for the protection of HVAC coils and components
- Formulated to improve adhesion, moisture resistance, UV protection, and corrosion resistance
- Extends the life and efficiency of HVACR equipment

**Application** • Mini-splits • Packaged Rooftops • Condensing Units • Modular Air-handlers • Air-cooled Chillers • Interior & Exterior HVAC Cabinetry and Copper Piping • Heat Exchanger Coils (water, condenser, evaporator, DX)

1 can covers 0-2.5 tons unit (0-9 kw) coverage of coils only

| Property                   | Test Method         | Performance                            |
|----------------------------|---------------------|--|
| Salt Spray                 | DIN 53167/ASTM B117 | Exceeds 4,000 hours                    |
| Water Immersion            | ASTM D870           | 500 hours minimum - 0 blisters         |
| Pencil Hardness            | ASTM D3363          | HB-F                                   |
| Cross Hatch Adhesion       | ASTM D3359          | 5B minimum                             |
| Humidity                   | ASTM D2247          | 500 hours minimum - 0 blisters         |
| UV Resistance              | ASTM D4587          | 500 hours minimum - ΔE color shift < 2 |
| Mandrel Bend (Flexibility) | ASTM D522M          | Pass                                   |
