

10 WAY JUNCTION BOX

10 WAY JUNCTION BOX

FEATURES

Designed to enable compliance with electrical approvals and wiring specifications

Strain relief on all entries

Optimised sizing on terminals

APPLICATION

The 10 way Junction Box has been designed to simplify the wiring of Sundial Plan central heating installations.

The 10 way Junction Box is designed to be used in conjunction with the numbered wiring diagrams provided in the Honeywell Wiring Guide. This is a universal box and can be used with any 15 amp rated wiring application.

Compliant with current Wiring Regulations.

10 WAY JUNCTION BOX
